EDITORIAL COMMENT REGARDING TIMELINE BY JEFF ANDERSON

The timeline and documents reflect a clear pattern of knowledge and notice of Fr. Tarlton posing a serious risk of harm to children. Reports from the mid 1950's through the 1980's were responded to by adherence to the code of secrecy where his Superiors would routinely send Fr. Tarlton to treatment, keep it secret, and transfer him to different schools in different states and countries. Fr. Tarlton was sent to treatment by his Superiors 5 different times for "sexuality issues" and "homosexuality". Our read of the documents and depositions reflects that this treatment was for Fr. Tarlton's inability to control his sexual compulsions towards youth.
