- 9/5/96 Weakland letter to Trepanier accepting his resignation as Dean of District 15. (15972)
- 12/2/98 Sexual Abuse Intake Report documenting abuse by Trepanier when the individual was 15-18 years old in 1977-1979 at St. Robert Parish in Shorewood. (123897)

Sklba put him on avoidance of all unsupervised contact with minors and Trepanier reportedly said that he has done that for years. Asked Trepanier to meet with a psychiatrist at Milwaukee Psychiatric Hospital for consultation. Sklba authorized payment of counseling expenses for the individual. (16135)
- Piasecki Entry for the Chart of individual who reported on 12/2/98. Trepanier felt that [redacted] was a junior in high school when he met him. Trepanier is taking a few days off and Fr. Wheatley will be covering Mass for now. (16136)
- 12/11/98 Piasecki Entry for the Chart of individual who reported on 12/2/98. Piasecki spoke with Sklba about Trepanier. Sklba imposed restrictions of no unaccompanied conduct with minors beginning immediately. Trepanier to receive a psychological evaluation as soon as possible. Sklba and Reinke agreed to share the information dictated in the entry with the survivor, that a psychological evaluation of Trepanier would take some time, and that any decision on the future of Trepanier at St. Sylvester's would most likely push past the Christmas Season. (16137)
- 12/14/98 Piasecki Entry for the Chart of individual who reported on 12/2/98. Spoke with [redacted] to inform him that Trepanier had been sent for a form of psychological evaluation and that the process of sorting out all the facts and coming to a conclusion could take us past Christmas. The individual had talked with his mother, and that, he believes, from his conversation with his mother, that there were other minors perhaps involved with Trepanier when he was assigned at St. Robert's. Individual notes that his mother may have more information about that. (16138)
- 12/14/98 Piasecki Entry for the Chart of Trepanier. She spoke with representative at

Catholic Mutual Insurance who was stunned by the allegation against Trepanier. She wondered if they have to acknowledge the reason for Trepanier's removal if the Diocese chooses to remove him, and that perhaps they could say it was for personal reasons so as not to mess up the ongoing investigation and charging regarding an unrelated embezzlement problem that Trepanier was assisting Catholic Mutual with. (16162)

- 12/24/98 Vicar Log Entry No. 497. Trepanier has two more appointments with the psychiatrist. Trepanier gives permission to release information necessary to the diocese for the evaluation. Trepanier is reminded not to have contact with the individual's family and that he may be asked to leave St. Sylvester's before June of 1999. Trepanier was surprised to learn this. Trepanier was told that this would probably happen if other allegations surfaced. (16305)
- 1/4/99 Psychiatrist (Medical College of WI) letter to Hornacek. Seen Trepanier for three diagnostic sessions in conjunction with an allegation of sexual misconduct with an adolescent 23 years ago. Reports that there has been no repeat in that behavior for which he was alleged to be engaged since that time. Report states that there is no acute current risk in repeating the behavior, recommends continuation of counseling and could continue in his current assignment until June 1999 provided he have no unsupervised contact with minors. Recommends that one or two people in Trepanier's current assignment be assigned a supervisory role, that Tom McGuine be involved in the case, and that after June 1999 Trepanier be moved into a non-parochial, non-administrative position. (16106-16107)
- 1/31/99 Trepanier letter to Members of St. Sylvester Parish informing them of his pastoral position being open in the spring and that he finds himself struggling with some burn-out issues, low emotional energy and in need of some self care. (16445)
- 2/8/99 Piasecki Entry for chart of individual who reported on 12/2/1998. Received a call wanting to know who Trepanier's therapist was previously in relation to the time frame in which the abuse occurred. Individual believes that the therapist should have reported abuse if Trepanier had talked about it. Piasecki explained that there is an opinion from the Attorney General's office of the state of Wisconsin in which mandatory reporting is not applicable when the offender seeks treatment, although the therapist may report without penalty, but the attorney general's opinion has been that mandatory reporting applies when a child is seen in therapy. (16078)
- 02/99 Restrictions and Conditions of Ministry. Restrictions include that Trepanier is to continue in therapy and refrain from all unaccompanied and unsupervised contact with minors, no contact with the individual or his family, and Trepanier will cooperate with the monitor appointed by the Vicar for Clergy. (16449-50)
- 2/12/99 Trepanier letter to Weakland stating that he will not seek another psychological evaluation. Trepanier states that he believes it is best for him to continue the

weekly sessions with his psychiatrist for the time being rather than to seek another evaluation at this time. (16145)

- 3/29/99 Trepanier letter to Weakland thanking him for Weakland's response to his letter of 2/12/99. Trepanier states that he is appreciative of the opportunity to complete his term of office as Pastor of St. Sylvester Parish. Trepanier states that the letter is clear enough regarding Trepanier's not getting another assignment, but that Trepanier was surprised by the letter because he thought he would at least have some type of meeting with the Archbishop regarding the situation. Trepanier states that Piasecki's report has a number of substantive errors and that it falsely accuses him of things he did not do at a time when he was not even at the parish in question. (16454-16455)
- 4/10/99 Trepanier letter to Weakland responding to allegations made against him and taking responsibility for one inappropriate contact with the minor who reported on 12/2/98 who was then in the last half of his 17th year according to Trepanier. (16146-48)
- 4/19/99 Weakland letter to Trepanier indicating they did not proceed in their usual fashion when the allegations were first made, and, as a result Trepanier was not given a chance to rebut the individual's comments or allegations. Weakland says that the individual's statement is how the individual remembers the events, and the Archdiocese has not taken steps to corroborate statements. Trepanier has every right to deny them, but they have stood there unsubstantiated because we did not proceed as we usually do in such cases. Weakland states that if it seems necessary to make a complete investigation, then he will do so regardless of the costs to Trepanier's reputation. Weakland says that some might say they acted too leniently when leaving Trepanier in his position at St. Sylvester's and not pursuing the course of investigation they normally do. (16149-16150)
- 6/25/99 Psychiatric letter to Weakland. Trepanier is not an ephebophile and not a pedophile, his sexual orientation appears to be homosexual. There are no other situations involving persons under 18. Does not believe him to be a current danger in any way. (16456-16457)

7/1/99 – Personal Leave (16210)

- 7/13/99 Weakland letter to Trepanier approving his request for a six month health leave with faculties. Restrictions outlined previously by the Vicar for Clergy remain in place unless determined otherwise. (46852)

- 7/19/99 Vicar Log Entry. Trepanier granted sick leave with faculties. (46355)
- 9/14/99 Vicar Log Entry No. 682. Trepanier is called to reassure him he is free to accept help-out opportunities in the Archdiocese apart from St. Sylvester's. No disclosure of his past would be required except at time of new assignment. (16306)
- 10/14/99 Trepanier e-mail to Weakland stating that he is studying Spanish at MATC and does an occasional Mass at St. Camillus. He will help-out at IC next weekend, but he is trying to keep a low profile for all of our sakes. (16477)
- 3/9/00 Trepanier letter to Hornacek indicating he met with the Archbishop to discuss future assignment. Archbishop told Trepanier of his plans for AIDS ministry and Raphael House, but that did not materialize. Perhaps Trepanier will move into some type of chaplaincy. Archbishop told Trepanier to contact Hornacek regarding possible future assignment. (16479)
- 6/6/00 Piasecki letter to individual who reported on 12/2/98 indicating Trepanier was removed from parish ministry a year ago in June, 1999. Trepanier is currently unassigned and understands that he will never return to parish ministry. Trepanier has cooperated fully with the Vicars for Clergy. There have been no other allegations against Trepanier to this day and Trepanier, to the best of Piasecki's knowledge, continues in treatment. (57642-43)
- 8/12/00 Vicar Log Entry No. 727. Trepanier agrees with Hornacek that the hospital president at St. Joseph's where Trepanier will assume the chaplaincy should be informed of his personal history and someone on staff would serve as a monitor. Will contact hospital president week of August 21st. (16307)
- 8/24/00 Vicar Log Entry No. 750. Vicar reported on his conversation with the president of St. Joseph Hospital in which he informed the president of Trepanier's history. History will be served with Trepanier's monitor as well. (16307)
- 10/19/00 Weakland letter to Trepanier appointing him Associate Pastor at St. Dominic Parish in Brookfield, effective November 28, 2000. (15981)
- 11/28/00 – Associate Pastor, St. Dominic Parish, Brookfield, WI
- 1/29/01 Catholic Mutual letter to Schneider indicating that Trepanier's recent appointment to St. Dominic presents an uninsured exposure for the Archdiocese. No coverage if subsequent claims are brought involving Trepanier. (57652-57653).
- 2/11/02 Vicar Log Entry No. 114. Trepanier asked to explain his application for a social worker position while being available for parish help-out on weekends. Trepanier asked to withdraw application for social worker both because that type of

assignment has not worked out well for the Church when such priests refuse to return to a parochial setting and because it causes morale problems among the clergy when it appears some priest is “writing his own ticket.” (16310)

- 2/12/01 Hornacek letter to Trepanier in response to February 1, 2001 meeting where Trepanier asked Hornacek to describe in a letter Trepanier’s current status for ministry. Psychiatrist report on June 22, 2000 testifying to Trepanier’s diligent work in therapy, extraordinary progress in self-understanding and solid mastery of issues which were of concern. Psychiatrist further reported that he would continue to meet with Trepanier perhaps every four to six months. Psychiatrist report (second opinion) dated June 25, 1999 reported conducting an extensive psychiatric evaluation of Trepanier on June 21, 1999. Psychiatrist reported that from the results of the evaluation Trepanier is not an epebophile, certainly not a pedophile, that he has been in therapy since December 1998, and that Trepanier is not a danger in any way. Trepanier has been diligently following the restrictions and conditions of ministry imposed on him by the Vicar for Clergy since February 17, 1999, and continues to observe the restrictions faithfully. Following the report on June 22, 2000, efforts were made to secure a chaplaincy position in a non-parochial position. A chaplaincy position was unavailable. With full confidence in the evaluation reports of the two psychiatrists, the Archbishop appointed Trepanier to serve as Associate Pastor of St. Dominic. The appointment was made only after the pastor, the Chairperson of the Parish Council, and the Parish Trustees were informed of Trepanier’s history and of the restrictions and conditions for ministry which continue in place. These persons serve as on-site monitors. (46897-98)

- 5/31/02 Fax from St. Dominic – Statement and letter to Parents regarding Trepanier’s resignation from St. Dominic’s. Announcement states that there was an old allegation of clergy misconduct in Trepanier’s file. The allegation involved a teen. The incident occurred over 20 years ago. Fr. Frederick was made aware of the allegation when Trepanier was assigned to St. Dominic, and he received a

letter stating that Trepanier was no pedophile nor ephebophile, nor that he posed any danger “in any way.” While at St. Dominic, Trepanier was monitored on site and was restricted from having unsupervised individual contact with a minor. The restriction did not prevent him from teaching in the school classroom. Trepanier was monitored during his time at St. Dominic’s by the Archdiocese. (58767)

- 8/12/04 Agreement and Mutual Release with [redacted] who reported abuse by Trepanier on 12/2/98 for \$25,000 and \$15,000 for reimbursement of past therapy bills. Archdiocese agrees to provide payment not covered by insurance for counseling for the individual and his immediate family members. (56712-56715)
- 9/7/04 Dolan letter to Cardinal Ratzinger submitting Trepanier’s case for review. Requesting that the Archdiocese be authorized to conduct a penal trial to determine the facts that Trepanier disputes and what, if any, penal remedy should be assessed. (16155-16156). Index of documents sent to the Congregation for the Doctrine of the Faith. (46680)

- 9/8/04 Cusack letter to Rev. Gabriel Montalvo indicating that Dolan has asked that she send the enclosed response by diplomatic pouch. (16313)
- 9/13/04 Msgr. Loepoldo Girelli letter to Cusack acknowledging her letter of 9/8/04, with enclosure. (16159)

- 6/5/06 Cusack letter to Ritty indicating that she was asked by Dolan to advise Ritty that he has completed his deliberations in the Trepanier case. (46672)
- 1/15/08 Dolan letter to Angelo Amato indicating he pondered their suggestion imposing a ten-year precept on Trepanier and then reconsider his return to ministry. Dolan submits that such a resolution is not tenable. Dolan states that ten years will not eradicate the facts in this matter; Trepanier sexually abused a minor and can never, therefore, function as a priest again. Dolan states that there is no such thing as a 'safe' ministry when his background is publicly known by his own admissions. (46674)
- 11/9/08 Trepanier letter to Frederick indicating he has been waiting six and a half years for the CDF to make a decision on his canonical case, requests a written description of current position as a validly ordained priest. (46690-46691)

- 4/8/09 Luis F. Ladaria (Titular Archbishop of Thibica) letter indicating the Archdiocese has been asked to reconsider its decision regarding Trepanier. Because the individual was over 16 at the time the immoral acts occurred, the Congregation suggests prohibiting any public ministry for an indeterminate time rather than for

a specific number of years. The letter states that the solution suggested protects minors, the good of the Church and the credibility of the Archdiocese in dealing with these scandalous cases of sexual abuse. (46686)

Undated Handwritten notes indicate an evaluation will occur and someone will serve as a monitor. Indicates the Archdiocese has no liability insurance. Lists options for Trepanier, including allowing him to stay on as a pastor or insisting on going to Southdown. (16103-16104)
