Re: Richard F. Swendiman
Scoutmaster, Troop 216

ATTENTION: Mr. Frank B. Specht, Director of Field Service

Dear Mr. Martindell:

Thank you for your letter of August 31 and the enclosed correspondence concerning Richard Fred Swendiman, Scoutmaster of Troop 216. We have placed this information in our file and have taken steps to have his name removed from our records.

This information will enable us to identify Mr. Swendiman, should he ever again attempt to register in the Scouting program.

I am sure you realize that this leaves Troop 216 without any registered unit leader. Undoubtedly, someone is taking over in this position. Please advise us of the new leader by sending an additional enrollment and do not file a separation notice, as we have already dropped the current leader.

Sincerely,

Joseph Early, Assistant Director

The following statement was made by [REDACTED] on August 19, 1970 to members of the Troop Committee of Troop 216. (Persons present - Ernest Vculek, Fred Brown, Paul Olson, Reverend [REDACTED], Reverend Gary Galchut and Robert McGrew).

On a camping trip to St. Croix State Park on August 2, 3 and 4, the Scoutmaster invited me to go with him into the woods. After we had gone about a mile we were at the river and he asked me if I would like to go swimming now in the nude. The Scoutmaster removed my shorts and asked me to remove his. When we were naked he asked me to lay on my back and he began tickling me. He said that one thing we needed to learn was mouth to mouth resuscitation. He showed me how and then asked me to practice on him. (still in the nude) . . . never did go swimming.

On the way back to the campsite he asked me if he could spank me. He then removed my trousers and undershorts and held me over his knees while he played with my buttocks, spanked me and squeezed my penis. (Called the actions an "initiation".)

[REDACTED] stated that on the way to the State Park that the Scoutmaster said one thing they (the Scouts) needed to learn was how to keep a secret as they would possibly do some things that should be kept secret from their parents.

Reverend [REDACTED] stated that this was essentially the same statement made to him by [REDACTED] on return from the camping trip. After further investigation and conversation with other boys it was determined that at least one other boy had been subjected to a similar initiation.

This statement is essentially the information given to the Troop Committee by [REDACTED]
