The second location was in the same camping trailer while it was at Savanna Portage State Park, McGregor MN.

All supplement reports, documents and follow up investigation have been filed under CN 12-145-585 and that file should be reviewed for additional information.

NARRATIVE

On 06/21/12 at 1100 hours I received preliminary information concerning (b)(6) and (b)(7)(C) that reported to their mother (hereafter referred to as the "comp") that their year old brother had been touching them inappropriately. The comp later questioned about this. then disclosed to the comp that Curtis Carl Wehmeyer 09/28/64 has been having sexual contact with him over the past two years.

On 06/21/12 I contacted the comp and directed her to contact Midwest Children's Resource Center (MCRC) as soon as possible and make arrangements to have all three children interviewed.

See supplement reports for additional information.

NARRATIVE

On 02/07/13 I went to the Chancery of the Archdiocese of Saint Paul/Minneapolis 226 Summit Ave where I met with Mr. Joseph Kueppers, attorney for the archdiocese. Mr. Kueppers presented me with a handgun that he said was previously recovered from the suspect's residence by Father Kevin McDonough and Deacon John Vomastek. Mr. Kueppers said the archdiocese did not want it any longer and was turning it over for disposal.

The suspect (Curtis Wehmeyer) has since been convicted of Criminal Sexual Conduct in the First Degree and Possession of Child Pornography (pled guilty), both felony charges which make him ineligible to possess firearms.

The handgun is a Ruger model# SR9C, serial # 332-83557, caliber 9mm. Handgun included one loaded magazine and one plastic carrying case. I turned this item into the SPPD Crime Lab where Sergeant Trish Englund took possession of it.

The handgun should be disposed of per SPPD Policy.

NARRATIVE

On 08/07/2012 I, Sgt. McDonald, received two computers a PSP and a Kindle from Sgt. Bill Gillet of the Sex Crimes unit. The computers were a Dell Latitude D830 laptop, P/N; DP429 A00; and a IBM Thinkpad with a S/N; 78-8RK63 05/01. An exact image was made of the internal hard drives of these computers using Forensic Tool Kit (FTK) imager. An exact image is a single capture that will seize the entire contents of the Suspect's hard drive to the Evidence hard drive. The operation will create an exact duplicate of all of the suspect's drive partitioned and un-partitioned areas as well as all used and unused sectors on the Suspect's drive. The process of acquiring the data from the Suspect's drive is methodical and contiguous, beginning from the first byte of the first sector on the drive, and ending on the last byte of the last sector of the drive. The data is copied to the corresponding sector on the Evidence drive. During this process there is also an MD5 hash created which is an algorithm that is used to verify data integrity through the creation of a 128-bit message digest from data input (which may be a message of any length) that is claimed to be as unique to that specific data as a fingerprint is to the specific individual. MD5 is currently a standard, Internet Engineering Task Force (IETF). According to the standard, it is "computationally infeasible" that any two messages that have been input to the MD5 algorithm could have as the output the same message digest, or that a false message could be created through apprehension of the message digest. To accomplish this the hard drive (questioned media) is removed from the suspect computer. The type, make, model, serial number and capacity of the media is recorded and photographed. This media is then attached to a Hardware Write Blocker (HWB) the primary goal of a hardware write blocking device is to prevent any change to stored data on a hard drive while allowing access to all data on a hard drive which is attached, via a media transfer cable, to the host containing the forensic media. The forensic media is a separate hard drive that has also had the type, make, model, serial number and capacity of the media is recorded and photographed. The forensic media has also been wiped and formatted prior to being used, this information is also recorded.

The following is the recorded information from the computers listed above;

Forensic Media was wiped and formatted using MediaWiper on 07/19/2012.

After the removal of the drives the imaging was completed using FTK imager and the use of a tableau forensic SATA/IDE Bridge (HWB) model T35e. I checked to make sure the MD5 hash's all matched which they did. The FORENSIC MEDIA was then loaded into forensic software, Forensic Tool Kit (FTK). FTK is a computer forensics software made by AccessData. It scans a hard drive looking for various information; It can for example locate deleted emails, graphics, video and documents. It can scan a disk for text strings to use them as a password dictionary to crack encryption. It can also index your case and be used to do keyword searched. Once this process was completed the case with the Dell was turned over to Sgt. Dave Ossell to search and bookmark items of evidential value, see Ossell's report. The IBM was searched by me where I bookmarked several images and videos of juvenile males. Also bookmarks of images of suspect Wehmeyer and various emails to prove ownership of said computer. Also bookmarked per investigator, Sgt. Gillet, were adult male images and videos. When the investigation of the digital media on the computer hard drive was finished I created a digital report containing the bookmarked items. This report is then saved to the case file on the storage server in the computer lab. A copy of this report was made and given to the investigator and all evidence was returned to the investigator.

The Kindle and the PSP (playstation portable) were also processed with negative results.

NARRATIVE

It should be noted that on 06/25/12 I went to the offices of the Archdiocese of Saint Paul - Minneapolis located at 226 Summit Ave. There I met with Deacon John Vomastek who introduced me to Mr. Andy Eizenzimmer, attorney for the archdiocese. Eizenzimmer turned over to me a "Dell Latitude 830" laptop computer bearing express code # 6441707665. I was told by Deacon Vomastek that he and Father Kevin McDonough had seized the computer from the suspect at the rectory of the Church of the Blessed Sacrament. Later that date I turned this computer into the SPPD Property Room.

On the afternoon of 06/25/12 I executed a search warrant at 1912 Granite Ave N in Oakdale, MN. Several items were seized in that search warrant and turned into the SPPD Property Room. On the property record of items submitted, I inadvertently listed the above Dell Latitude 830 computer (item # 6) as being seized from the Oakdale address. In fact, it was seized earlier that day by me from 226 Summit Ave.

The contents of this computer were later examined by Sergeant Ossell pursuant to a warrant I obtained in Ramsey County. See his supplement report.

I asked how the subject of watching pornographic videos came to be. said the suspect would bring out the laptop and say "look at this" and then show the videos. said it happened both at the church and also while camping.

I asked if he ever heard of any other children that might have had similar contact with the suspect. said he knew of others that went camping but not had further contact with him. In closing I asked if he had any questions of me and had none. added then that the suspect offered them marijuana once or twice but both and he declined, in the years of 2010 and 2011. said the suspect would then smoke it himself in front of them.

The interview was terminated.

On 07/07/12 Sergeant David Ossell and myself went to the rectory of the Church of the Blessed Sacrament at 1801 Lacrosse Avenue to execute a search warrant which I had earlier obtained, sworn to and signed by the Honorable Judge Robyn Millenacker. In searching the premise we located an "IBM Thinkpad" laptop computer serial #78-8RK63 and it's power cord on the upper shelf of closet in the suspect's bedroom. I also located an "REI" catalog in a living room area that was addressed and mailed to the suspect at 1801 Lacrosse Ave. Items were seized and turned into the SPPD Property Room.

On 07/13/12 I telephoned and spoke with Anthony James Landwehr 09/28/91 of 445 - 4th Street Box 11 Laughlin Air Force Base, ASB 78843. Landwehr was listed in the Fillmore County Sheriff's Office report of 2009 as being a witness. Landwehr said that while often frequenting the Kwik Trip in Spring Valley, he does not have any recollection of the specific incident. Landwehr is currently in the Air Force and provided me with his updated address there.

On 07/13/12 I telephoned and spoke with Timothy Brian Lecy 02/26/88 of 146 South Broadway St #206 in Spring Valley, MN 55975 cp# (507) 273-7348. Lecy was a person listed in the Fillmore County Sheriff's Office report of 2009 as being a witness. This interview was digitally recorded and later downloaded to the department Media Vault. After identifying myself to Lecy I told him why I was calling. I asked if he recalls such an event at the Kwik Trip in Spring Valley when he was with Danny Johnson and approached by a Fillmore County Deputy. Lecy initially said he didn't recall the specific incident but then after I read a paragraph pertaining to him, Lecy said he did recall it. Lecy said he recalls being with Danny Johnson who he identified as his uncle. Lecy said he recalls the suspect was asking where the girls were and if there were any parties occurring in town. Lecy provided me with his updated address on Broadway St.

On 07/13/12 I telephoned and spoke with Daniel Ray Johnson 12/18/72 of 2001 Lark Lane NW in Stewartville, MN 55976 cp# (507) 923-1937. Johnson was a person listed in the Fillmore County Sheriff's Office report of 2009 as being a witness. This interview was digitally recorded and later downloaded to the department Media Vault. After identifying myself to Johnson I told him why I was calling. I asked if he recalls such an event at the Kwik Trip in Spring Valley when he was with Timothy Lecy and approached by a Fillmore County Deputy. Johnson said he did. Johnson said he recalls the suspect came out of the Kwik Trip and also was with a dark colored vehicle in the parking lot. Johnson said the suspect approached him and said something but he initially didn't understand what was said until the suspect got closer as the suspect's speech was slurred and he was

When Johnson asked what kind of women, the suspect said he didn't care, just any kind of women. Johnson said several times he felt the suspect was "creepy" and that is when they decided to contact police.

As of 07/13/12 I have not been able to contact several parties named in the Fillmore County report as being a witness. In conducting a search in the MN DVS web site, I located their current address and mailed each a letter asking they contact me as soon as possible. Those parties and their current addresses are:

On 07/13/12 I mailed a letter to Daniel Vincent Mehsikomer at 10771 Retreat Lane in Woodbury, MN 55129, asking that he contact me as soon as possible. A vehicle registering to Mehsikomer had been at Savanna Portage State Park, as based on the documents sent to me from the park staff.

On 07/13/12 I went to Blessed Sacrament Church 1801 Lacrosse Ave where I met with Rodney Boone Williams 03/27/67 of 529 Ashland Ave. This interview was digitally recorded and later downloaded to the department Media Vault. After introducing myself to Williams, he told me the following:

- Williams works as assistant maintenance engineer at the parish.
- Williams has worked at there since 2003.
- Williams works 1200 to 2000 hours during the school year and earlier hours during the summer months.
- suspect keeps his camping trailer in the rear lot of the church during the summer months.
- Williams has seen children come and go from the trailer.
- Williams has seen the boys come and go from the trailer.
- some time during the summer of 2011, Williams was approached by the suspect who asked Williams if he recalls what it was like being younger "when you would hump anything you could, boy or girl".
- Williams replied by saying no, that he only likes women.

I asked Williams about computers and what he may have seen the suspect use. Williams recalled seeing a small laptop computer the suspect kept in the camping trailer. Williams described it as smaller than a typical laptop but still closed up as a laptop does. When I asked if it is what is commonly known as a "notepad" size, Williams said yes. Williams said he couldn't recall the manufacture but said the suspect often keeps all the

boxes for the electronics he buys, which are quite a few, and keeps them in his living quarters at 1801 Lacrosse Ave.

The interview was terminated.

After returning to headquarters, I received a call from Williams who told me that after I had left, he went upstairs to look in the large second floor conference room where parish council meetings are often held. Williams said that is where he has seen many boxes belonging to electronic items the suspect has purchased over the years. Williams said in checking for such he found a box for a "Toshiba" laptop computer in a cabinet beneath the large screen television. Other than for packing materials, the box was empty. Williams said the box appears very new and the computer pictured on the front of the box similar to what he has seen the suspect with in the camping trailer. Williams said he will turn it over to the business administrator Debbie Phillips for me to pick up.

I then returned to the rectory of the Church of the Blessed Sacrament and was met by the comp, . Comp had with her a box for a Toshiba laptop computer with labels affixed to the side showing it as model # NB505-N500BL and serial #6B218277K. A picture on the front of the box shows the computer available in several different colors, one of them being blue. The comp pointed to the blue version and said that is the computer she saw the suspect always with including in his camping trailer. I took the box and later turned it into the SPPD Property Room.

On 07/18/12 I spoke to the comp to obtain a timeline of events as they were disclosed to her. This was not recorded as I expected it to be a brief overview of what I was already told. Comp went on to tell me that on 05/31/12 while at coffee shop in Oakdale, MN, comp's young report their has been having sexual contact with them. Based on her training, comp believes this to be learned behavior and is wondering where learned it. Comp and her husband begin asking about this. During the following week, comp asks if he has been viewing pornography. tells comp he has and comp asks where. tells comp the suspect has been showing it to him on suspect's computer. During that week, suspect has comp drive him to a chiropractor for a sore back. While comp drove suspect to chiropractor, comp confronts suspect saying reports the suspect has been showing him pornography. Suspect denies this saying he walked into his camping trailer one day and found on it himself. Suspect told comp that comp and he need to have a meeting. Comp tells they need to meet with suspect. refuses to do so but eventually gives in to comp and the three of them meet in the suspect's living room at 1801 Lacrosse Ave on 06/08/12. In that meeting suspect tells he needs to tell comp that it was who was viewing pornography on his own and suspect caught him at it. said no, that's not true and hung his head down in what comp described as disbelief. The meeting eventually ended and and comp left. On 06/12/12 comp and attend confession at Saint Agnes Church. On 06/14/12 comp and were talking more about the pornography incidents. then disclosed to comp that along with the suspect showing pornography to him, the suspect also provided alcohol and tobacco to him, the suspect exposed himself to and the suspect touched's penis. Comp then called Father Erickson of Saint Agnes and reported this to him. Father Erickson told comp she needed to report this to the police. On 06/18/12 comp notified "Gretta Sawyer" who is the "victim advocate" for the Saint Paul/Minneapolis Archdiocese. Sawyer scheduled a meeting with and comp for 06/19/12. On 06/19/12 victim and comp met with Sawyer at the chancellor's office of the Archdiocese where Sawyer conducted a full interview of and made a audio recording of it.

NARRATIVE

On 07/11/12 at 1330 hours I telephoned and spoke with Tad Iver Wicklander 02/11/58 (hereafter referred to as "Wicklander") of 1221 Antelope Way in Maplewood, MN 55119 cp# (651) 485-1029. Wicklander is the head maintenance engineer at the Church of the Blessed Sacrament and has worked at this church since 2004. Wicklander has worked for the archdiocese for sixteen years.

I told Wicklander that I was intending to speak with several employees of the parish, including both Wicklander and another maintenance worker named Rodney Williams. Having said that, Wicklander said "well to tell you the honest to god's truth, I think Rodney there is either an adult affair going on there or Rodney may have had prior knowledge to what has been going on." I asked Wicklander why he believed that. Wicklander went on to say that as the head maintenance engineer he is "on-call 24/7" and on site well beyond 40 hours a week. Wicklander said that in that position he often times comes back after hours. Wicklander said when he does arrive in the evening he sees Williams truck parked in the parking lot (rectory) and then when Wicklander arrives for work the next day at 0630 hours, he sees William's truck still there. Wicklander said he sees Williams leave approximately fifteen minutes later. Wicklander said that many times he sees Williams and the suspect in the suspect's camping trailer drinking alcohol. Wicklander said he recalls one particular evening in July or August of 2011, when he arrived at the church between 1700 to 1900 hours. As he arrived, Wicklander saw the suspect exit the rectory and walk toward his camping trailer carrying three small bowls. Wicklander said that when the suspect saw him, the suspect told Wicklander he was having some ice cream and indicated there were more people than just himself in the camping trailer. Wicklander said "I didn't want to go in that trailer and find out what the hell is going on". I asked "ok but from your tone of voice you thought it was a little unusual?" Wicklander responded "totally peculiar because I've been with the archdiocese for sixteen years and we have been told and told and told never to go into a room or situation like that where you are the only adult in there, or you are a fellow employee and you might be consuming alcohol. They preach not to do that."

I asked Wicklander if he recalls seeing the suspect with any young boys in the camping trailer. Wicklander said "yes". I asked Wicklander if he was familiar with the of the comp. Wicklander replied "yes". Wicklander named and their two older and Wicklander referred to as " " and said he has seen the most, followed by second and seldom or . Wicklander began to

choke up on his words at this point and clearly began to cry as he spoke. Wicklander said "and that really devastates me, it really does. We told Debbie (Debbie Phillips the Business Administrator) and she should have done something about it. A number of times throughout the summer since he started bringing his trailer here." I asked Wicklander if he has seen the comp's children go to and from the camping trailer. Suspect replied "absolutely". Wicklander said he often times saw leave the camping trailer and not quite as much. I asked when this was and Wicklander said it was the earlier half of last summer (2011) and then began being less often beginning mid-summer. Wicklander said it also was the summer of 2009 and 2010. Wicklander said the boys would usually ride their bicycles and said "little would come by himself". Wicklander had particular difficulty "little would come by himself" as he was crying and choking up with the words. Wicklander said the comp's then moved from their prior address just a few blocks away to their current address in MN.

NARRATIVE

On 06/27/12 I received a call from the comp who said she had met with Washington County Child Protection yesterday regarding the victim [REDACTED] having touched his [REDACTED]. Comp said that during meeting [REDACTED] was present. Comp said she told Washington County the contacts occurred in the summer of 2010 because that is when the victim thought it happened. [REDACTED], having overheard this, spoke up and said that couldn't be possible. [REDACTED] said he recalls that it was he who picked up [REDACTED] from the camping trailer in the church parking lot. [REDACTED] said he remembers this because the comp was in the Emergency Room at Regions Hospital and had to telephone [REDACTED] and ask him to go to the church and pick up [REDACTED] as she would be at the hospital for awhile. [REDACTED] recalls he was with his girlfriend at the time and the only dated for a number of months, remembering it was over the summer of 2011 but not 2010. Comp then contacted her physician's office and inquired as to when it was that she was at the hospital. Her physicians office reported back it was 07/05/11. [REDACTED] at that time drove to the camping trailer and picked up [REDACTED] and drove him home. Comp said it was on that date the suspect touched [REDACTED]'s penis and displayed the pornographic video on the computer. Comp said that [REDACTED] recalls that when [REDACTED] came out of the camping trailer his hands were noticeably shaking and red in the face. Comp provided [REDACTED] cellular phone number of [REDACTED].

On 07/05/12 I brought three Search Warrants and their Supporting Affidavits (search of the camping trailer, search of the Dell Latitude 830 computer and search of 1801 Lacrosse Ave) to the Honorable Judge Robin A. Millenacker and requested an Order to Seal the Search Warrants. After the order to seal was sworn to and granted by the Honorable Judge, I brought the Warrants, Affidavits and Order to Seal to the Clerk of Court. There, they were sworn to and filed.

On 07/05/12 at 1500 hours I telephoned the comp [REDACTED] after receiving a call from her earlier. In that earlier conversation, the comp told me that shortly after I left their house on 07/03/12 during which I interviewed [REDACTED], she overheard [REDACTED] and a [REDACTED] arguing in the basement. Comp asked what it was about and [REDACTED] told comp that he too had been touched by the suspect during a camping trip in July or August of 2010. This was new information never before reported. Comp asked [REDACTED] why he didn't tell me that when I interviewed him. [REDACTED] responded by saying that I hadn't asked if anything happened to him.

I then had comp turn the phone over to This interview was digitally recorded and later downloaded to the department Media Vault. I introduced myself to and reminded him I had spoken to him on 07/03/12. said he remembered that. I told it was my understanding he might have additional information to report. said he remembered that whenever his and he were shown pornographic videos in the suspect's camper, "he would repeatedly ask me to take off my pants every time, and while he was watching porn he would always be touching himself, and the other things are that while I was sleeping we would have our sleeping spot and so we had to sleep together and I built a barricade and like I woke up several times during the night because I was keeping watch and I woke up and his hands would always be on his arms would be on me and then when I woke up in the morning the barricade was moved and he was trying to lay on me, half way just his arms and just his chest and I woke up and pushed him off me and ran outside of the trailer and just sat out there for awhile."

Prior to this, had only spoke of the times that he was in the camping trailer while parked at the rear of the church and was present. When I asked about that, said the suspect would ask each of them to take their pants off but that he would never take his pants down in the presence of while in the church parking lot, only while on the camping trip. I asked how many times the suspect would ask that he take his pants down. said "like probably every time, like 5 or 6 times." I asked if the suspect ever removed his own pants. replied "um, yes, he would always be touching himself and with his pants off". clarified it by saying the suspect would lower his pants enough that saw his penis and the suspect would then repeatedly touch his own penis." I asked if the suspect was masturbating. replied "um, yes but he never got to the point of ejaculation".

Again, prior to this, I had never heard of a camping trip. said he went camping with the suspect only once but that went three times. explained that on his trip, he went with the suspect to Savanna Portage State Park (near Big Sandy Lake, McGregor, Aitkin County MN) in July or August of 2010. said also present was victim the suspect and another adult who had been a friend of the family, Dan Mehsikomer. said all four stayed in the suspect's camping trailer and all four were there for 3 - 4 days when Mehsikomer said he had to return home in order to work. Mehsikomer left and the suspect, victim and remained for an additional 2 - 3 days at which time another adult male, who was a priest, arrived to camp with them. That four then remained camping for the remainder of the week.

 said that during the time period (2 - 3 days) when the suspect, and were only there, is when the sexual contact occurred. said "we were just up there, and we were just up there and we would drink and smoke probably every night, he offered us pot, oh and there was this incident where we were sitting there eating dinner while drinking and he asked us to pull down our pants and measure our penises and then started and he said that wasn't right and then he started touching s penis and measured it correctly as he said and then I measure my own". I asked "who said it wasn't correct?" replied "Father Wehmeyer and then he did it for ". I asked "then he would have touched in order to do it?" replied "yes".

 repeated it was during the 2 - 3 days that and he was alone with the suspect. repeated the suspect provided them with the beer and tobacco, and offered them marijuana but they turned that down at which time the suspect smoked the marijuana himself inside the small confines of the camping trailer, in the presence of both and I asked about any viewing of pornographic videos. said there was none because there was no internet access in the state park. said both and he drank so much beer that both vomited. I asked if he passed out from the beer and said he didn't believe so. I

asked if the suspect exposed his own penis to them. said "oh yea, like all the time, and he would be touching himself when he did it". I asked how often that was. replied "5 - 6 times" over the 2 - 3 day period.

I asked to explain this barricade that he spoke of and what the sleeping arrangement was. said he slept in one of two drop out beds. In executing the search warrant on the camping trailer I noted there was one such "drop out" bed at each end of the trailer. said that he slept in the bed that is immediately to the right as you enter the camper. said that he slept in that bed as did the suspect. said that before he went to sleep he constructed a "barricade" of pillows and blankets to separate himself from the suspect as they slept. said he woke to find the barricade removed and the suspect's arms and hands placed across his () chest. It was then that ran outside and sat for awhile.

In summary I asked why he hadn't mentioned any of this before. replied "well because to be totally honest I didn't know you wanted to hear about that stuff". I assured that I want to hear about anything related to anything that might have happened to either or he or anyone else. I asked if he recalls hearing about anything of this nature (sexual) that might have happened to any other person by the suspect and said he did not. I asked to tell his if he should recall anything further. The interview then ended.

I then spoke to the comp () and 's . I advised comp that I should be interviewed at MCRC. Comp told me she thought so and had already made an appointment for Monday, 07/09/12.

On 07/06/12 at 1245 hours I received a call from Marla Kaye Eberhardt 05/27/57 of 1801 Lacrosse Ave cp# (651) 343-9909 who states she works as the Associate Administrative Coordinator at the Church of the Blessed Sacrament. This interview was digitally recorded and later downloaded to the department Media Vault.

Eberhardt states she was speaking with the comp () today when the comp told Eberhardt the suspect had admitted guilt to her but she was concerned it would be just her word against his. Hearing that, Eberhardt told the comp that wasn't true because the suspect had also admitted it to Debbie Phillips, the Business Administrator. Comp asked Eberhardt to call me with this information. I asked Eberhardt about her conversation with Phillips. Eberhardt said that Phillips and she were talking last week about everything going on at the church, specifically the sexual assault investigation. Eberhardt said it was then that Phillips told Eberhardt that when the suspect was told to leave the church property he went upstairs to his bedroom and began packing a suitcase of belongings to take. Phillips said she went upstairs and spoke with him and at that time the suspect told Phillips "there wasn't any penetration, only fondling".

On 07/06/12 I spoke to Ms. Jacqueline Ekelund, staff at Savanna Portage State Park, tel# (218) 426-3271. After first identifying myself, I asked Ekelund if she was able to query park reservation records to determine if the suspect had been at the park during the summer of 2010. Ekelund called me back later and said she queried park records and found the suspect had in fact been at the site August 12 thru 16, 2010. Ekelund said the suspect had rented site # 30 but apparently switched upon arriving and took site # 8. Ekelund states records further show there were two vehicles registered to be there, MN License # 182CBN and 559DTZ. I later queried the MN DVS site and found 182CBN lists to Daniel Vincent Mehsikomer 02/17/86 of 1257 Century Ave N #28 in Maplewood, MN, and 559DTZ lists to the suspect. Ekelund then forwarded a copy of the park's "Reservation Arrival Report", "Roster Report - All Sites" and "Campsite Checklist". They will be included in this

NARRATIVE

I Officer Daly of the St. Paul Police Sex Crimes Unit was requested to assist Sgt. Gillet of the Sex Crimes Unit with the execution of a search warrant at 1912 Granite Ave N Oakdale, MN.

I went to the residence to watch the house until the search warrant and Sgt. Gillet arrived.

While I was sitting at the residence the homeowner Quirk, Veronica Louise W/F DOB: 11-28-54 arrived. I made contact with Quirk, and informed her that a search warrant was going to be executed at her residence. I advised her that I was not the investigator on the case, and he would be here soon. She was very cooperative, she told me that I could start searching the residence now. I told her that I would wait for the warrant.

She was concerned about her neighbors getting into her business.

When Sgt. Gillet arrived I photographed the residence, and the property taken in the warrant.

I took 14 photographs from the address of 1912 Granite Ave N Oakdale, MN and downloaded them to the media vault.

NARRATIVE

On 6/22/11 at 0900hrs. I (Sgt. J. Keller) met with Deborah Marie Phillips, DOB/080255, the business manager at Blessed Sacrament Parish, 1801 Lacrosse Av., St. Paul, (W) 651-735-3707, (C) 651-338-0469. I recorded the conversation using a digital audio recorder.

Phillips said she knew that we were investigating a sexual abuse claim. Initially, she said that Father (Fr.) Wehmeyer had come to her and apologized to her telling her that he was sorry for disappointing her; was sad and that he was probably never going to see her again. He said he had to pack and was going to a friend's house. Phillips indicated to me that she didn't know how to respond to my questions but wanted to cooperate with me.

She went on to tell me that she arrived at work yesterday at her normal time. She said that [redacted] was late in getting to work. She said that she was friends with [redacted] and knew something was amiss in [redacted]'s life. She described how [redacted] seemed reluctant to speak to her about what was going on because Phillips believed that [redacted] didn't want to involve her. Phillips also said that she knew [redacted] I was seeking pastoral advice from Fr. Wehmeyer. She said that yesterday morning she decided to ask what was going on. She said that [redacted] burst into tears and told her, "Fr. Wehmeyer molested [redacted]". She said that shortly thereafter she received a phone call from Fr. McDonough from the Archdiocese asking whether Fr. Wehmeyer was in the building. She told him he was and shortly thereafter Fr. McDonough and a Deacon arrived at the church and went into a meeting with Fr. Wehmeyer.

Phillips told me that after the meeting Fr. McDonough had told her that Fr. Wehmeyer was being removed as pastor from the parish and his faculties were being restricted because of a credible report of sexual contact with a minor. Shortly thereafter, Fr. Wehmeyer approached her and invited her upstairs to the meeting room. It was at this point that Fr. Wehmeyer began to tell her that he was sorry for disappointing her and was sorry for all the people that he had hurt. Phillips said that while Fr. Wehmeyer was apologizing to her he said, "You need to know there was nothing oral that happened and no penetration happened." Phillips never referred to the child he was speaking about when he made this statement to her. Phillips said that Fr. Wehmeyer left very quickly yesterday telling her that he was going to see his attorney. She said he told her that he would return and pick-up his dog. She said that he also took his trailer from the church parking lot yesterday after returning.

She said she was not aware of any other complaints made about Fr. Wehmeyer. Phillips explained that she has been friends with him for more than six years and that he has been to her home and knows her family and presided over the marriage of one of her children. Phillips told me that Fr. McDonough had taken a gun that Fr.

Wehmeyer had kept at the parish. Phillips also said that Fr. Wehmeyer told her that Fr. McDonough had taken the gun for his (Wehmeyer's) own protection. I asked Phillips if she knew of Fr. Wehmeyer's current whereabouts. She said that Fr. Wehmeyer asked her not to tell anyone where he was staying. Phillips also said she was instructed at a meeting last evening that she was not to say anything to other staff members of parishioners about this matter.

Phillips said that had a penchant for lying and when originally told her what was going on she said she asked if she believed Phillips then went on to say that was devious and a "kind of a manipulator," and gave examples of his devious behavior. She said that he had been hospitalized for and she believed he was faking because he simply didn't want to go to school. She described how she would witness doing things around the church and when she would tell his mom and he would be confronted about it, he would deny involvement. She went on, however, to describe him as a joy to be around and the sweetest kid you ever wanted to know and the kind of kid you just wanted to take home with you.

Phillips and I talked a bit more about what was happening. She advised that Fr. Wehmeyer had been told to stay away from Blessed Sacrament and St. Thomas the Apostle Church at 2119 Stillwater Av. where he was also a pastor. I asked Phillips if Wehmeyer had any computers. She said that he had a black notebook style computer and a laptop in his office. She told me that Fr. McDonough had taken the laptop computer out of the office when he was at the church yesterday. She said she had looked in Fr. Wehmeyer's room and did not see any computers in his room.

After meeting with Phillips I went to Ideal Storage, 7511 32nd. St. N., Oakdale, MN, 651-770-1878 where I met with the owner/manager Pat Raleigh. I asked Mr. Raleigh if he was storing Curtis Wehmeyer's camper/trailer. He said he was. He said that around 1300hrs. yesterday, "Fr. Curt" (as he knows him) dropped off his trailer. Raleigh said he thought this was odd because Wehmeyer normally only stores his trailer there during the winter months. He said he asked Fr. Curt if everything was okay and Fr. Curt replied that he had some "family issues" to deal with. He said that this morning between 0930 and 1000hrs. (approximately one hour before my arrival) Fr. Curt returned and asked to go into his trailer. Raleigh thought he might have gone in to retrieve something but didn't know for sure. I told Raleigh that I intended to seize the trailer and have it towed to the city impound lot. He brought the trailer out of the fenced storage area where it was hooked up to a tow truck and towed away.

I returned to the office and met with Sgt. Gillet about this case. I then directed Officer P. Daly to go to 1912 Granite Av. N., Oakdale, MN 55128 and watch for Curtis Wehmeyer. See Officer Daly's reports. I then assisted Sgt. Gillet in the execution of a search warrant at Veronica Quirk's residence at 1912 Granite Av. N., Oakdale. See Sgt. Gillet's reports for additional details.

I transferred the recording of the interview with Phillips to the SPPD media drive.

NARRATIVE

On 06/22/12 I learned of the address the suspect (Wehmeyer) was staying at was 1912 Granite Ave N in Oakdale, MN. I directed Officer Pat Daly of this unit to watch the address for the possible return of the suspect. A short while later Officer Daly reported the suspect was indeed at the address and Officer Daly was directed to arrest him which he did without incident.

I then drafted a Search Warrant along with an Application and Supporting Affidavit for a Search Warrant for 1912 Granite Ave N in Oakdale, MN. I then presented these documents to the Honorable Judge Gary Schurrer of Washington County where they were sworn to and signed.

Sergeant Jeff Keller and myself met Officer Daly (who was already on scene) at the address. A copy of the warrant was presented to the resident, Ms Vonnie Quirk. Quirk directed me to a bedroom which she said was used exclusively by the suspect. The address was searched. I recovered the following items and later turned them into the SPPD Property Room:

- "Marware Amazon Kindle" notepad computer model# 001400 and FCC ID# ZEV-1229 (found on desk top in bedroom used by suspect).
- "Sony PSP-N1001" play station ser# HU0642615 (found on desk top in bedroom used by suspect).
- "Venlafaxine ER" prescription medication of Curtis Wehmeyer (found on desk top in bedroom used by suspect).
- "TPT" power cord (found on floor in bedroom used by suspect).
- "Sony" power cord (found on floor in bedroom used by suspect).
- "BlackBerry" power cord (found on floor in bedroom used by suspect).

Copy of the warrant and copy of the "Receipt, Inventory and Return" were left with Ms. Quirk.

On 06/25/12 I brought the Marware Amazon Kindle and TPT power cord (items 1 & 2) and the Sony PSP-N1001 Playstation and power cord (items 3 & 4) to Sergeant Greg McDonald in the SPPD computer crime lab for examination.

SEX OFFENSE-ASSAULT, RAPE ATTEMPTS

On 06/27/12 I received a voice message from the comp who said she met with Washington County Child Protection yesterday, during which _____ was present. Comp said they realized then that the offenses against the victim had to have occurred the summer of 2011. The voice message was digitally recorded and later downloaded to the department Media Vault.

On 06/27/12 I drafted a Search Warrant along with an Application for Search Warrant and Supporting Affidavit, in order to search the camping trailer (MN Lic# RU21464) belonging to the suspect, which was secured in the SPPD Impound Lot. I also drafted a Search Warrant along with an Application for Search Warrant and Supporting Affidavit to search the Dell Latitude 830 computer secured in the SPPD Property Room. I brought each of these to the Honorable Judge George Stevenson of Ramsey County who reviewed and signed both.

On 06/28/12 I, along with Sergeant David Ossell and Officer Matthew Toronto of this unit, went to the SPPD Impound Lot. There, using a key from the suspect's key chain at the time of his arrest, we searched the camping trailer. Officer Toronto took photographs and downloaded them to the department Media Vault. In searching the trailer I found a "Haier" LCD TV with 10.2" screen. This was on a table in a boot style dinette area. The TV was wired via coaxial cable to a radio/dvd/cd player mounted on a wall next to the entry door. This unit was power up when we pushed the "power" button on the remote control. It is capable of playing television stations as well as dvd/cd. Photographs were taken and I recovered the TV monitor unit and turned them into the SPPD Property Room. I left a "Receipt and Inventory" sheet and a copy of the warrant on the dinette table. The trailer was secured once again.

On 06/28/12 I spoke to the comp. Comp said that during her meeting with Washington County Child Protection workers, _____ was present. They discussed the offenses reported and when they occurred. The victim had reported them as occurring during the summer of 2010. _____ realized then that they had to have occurred in the summer of 2011. Comp and _____ both said that it was late one summer evening when the comp had to pick the victim up from the church where she knew the victim was with the suspect. The comp said _____ her family had all become friends with the suspect and it was not unusual for them to do so. _____ reminded the comp how he had received a telephone call from the comp asking _____ to pick up the victim because it was getting late. _____ recalled the comp was in the _____ and telephoned him saying it was late and asking him to go as the comp would be awhile yet. _____ said his girlfriend went with him and he had only dated that girlfriend for 14 months, knowing it was over the summer of 2011 and not over the summer of 2010. Comp said she has since checked her records with her doctor as to when it was she was at the hospital and records confirmed it was 07/05/11. Comp said she later learned it was that evening that the suspect had sexual contact with the victim.

Comp also told me _____ is currently 16 years old, two years older than the victim and not two years younger as I previously thought.

Comp went on to say there are two maintenance workers at the Church of the Blessed Sacrament, Rodney Williams and Tad Wicklander, and they might have information relative to this investigation. Comp said her _____, Ashley Hagen, recently reported to her that she has been approached by both Williams and Wicklander relative to this case.

Williams told Hagen there were two occasions when the suspect said things to him that bothered him. Williams said on one occasion he had been working and sweating heavily so he took his shirt off. The suspect

approached him and rubbed his arm. This bothered Williams who asked the suspect "father, are you gay?" The suspect replied "no, no". On another occasion the suspect approached Williams and said "remember when you were young and you used to hump anything, boys and girls?" Williams replied saying no, that he has only liked girls.

Hagen also said that Wicklander approached her and began talking about recent events and said that he has "seen stuff" with the suspect that have bothered him, but did not elaborate.

On 06/30/12 I spoke to the complainant. The comp told me that she has spoken with the victim since he was interviewed by MRCR and learned that one of the computers used by the suspect to display pornographic images to the victim was a notebook type laptop computer. The comp then recalled that the suspect and she purchased similar computers approximately two years ago, and they were "ASUS" brand. The comp said she recalls the suspect had some problem with his computer about a year after he got it but doesn't know what if anything happened to it. The comp further reports the second floor of the rectory at the Church of the Blessed Sacrament is the suspect's living quarters and no one has been in it since the suspect was told to leave the premise by the archdiocese representatives.

On 07/07/12 I drafted a search warrant and supporting affidavit in order to search the second floor of the rectory at the Church of the Blessed Sacrament 1801 Lacrosse Avenue. I then brought these documents to the Honorable Judge Castro who signed them. O

On 07/02/12 at 1330 hours Sergeant David Ossell and myself went to 1801 Lacrosse Avenue where we were met by Ms. Debbie Phillips, Business Administrator. After identifying myself to Ms. Phillips I presented her with a copy of the search warrant. Ms. Phillips located a key and unlocked the suspect's living quarters for us. Ms. Phillips said the only person who has had access to the living quarters has been herself as the suspect left behind his pet bird and Ms. Phillips has continued to feed and water it. Ms. Phillips said keys to the building have been re-keyed and suspect has not had access to the building.

Sergeant Ossell and myself searched the premise. It consisted of a living room area, bathroom, and a bedroom. Also located on the floor was a large meeting room used for parish business meetings. A second but smaller living quarters was on the northwest corner of the second floor which was reserved for an associate pastor which the parish has not had for several years and thus laid empty.

In searching the premise I located an "IBM Thinkpad" laptop computer serial # 78-8RK63, power cord and black/tan carrying case on an upper shelf in the bedroom. These items were removed and photographed. I also located an "REI" sale catalog on a desk in the living room, sent via U.S. Mail and addressed to the suspect at 1801 Lacrosse Avenue.

I then took photographs of the rooms and downloaded them to the department Media Vault.

A copy of the "Search Warrant" and "Receipt, Inventory and Return" were left with Ms. Phillips and the premise turned over to her.

NARRATIVE

I Officer Daly of the St. Paul Police Dept Sex Crimes Unit was requested to do surveillance at 1912 Granite Ave N Oakdale, MN. I was to watch the residence for a gray Toyota SUV, and or a male suspect Wehmeyer, Curtis Carl W/M DOB: 09-28-64.

I had a photograph of the male suspect, and we went to the residence. I set up surveillance away from the residence. When I arrived I saw a silver passenger car in the drive way. A short time later the vehicle had left.

I kept watching the residence when I saw a glimpse of a male who appeared to be the suspect walk by the corner of the garage. The male was white with facial hair. I called Sgt. Keller to advised him if the situation.

I again called Sgt. Keller to tell him what I had observed.

I was told if I saw Wehmeyer to arrest him for CSC. I was advised I could go knock at the door to see if he was there, and if so to arrest him.

As I walked up to the door I saw a table and an ashtray. It appeared Wehmeyer had come out for a cigarette when I saw him.

I went to the door, when I did the main door was open and there was a screen storm door. I knocked, and a dog started to bark. At that time Wehmeyer came to the door. I asked him to come out side so I could speak to him. He complied, and when he stepped out of the door I told him he was under arrest. He asked me if he could talk to his attorney. I told him that he would be able to I was not going to ask him any questions.

He asked me if he could go get his glasses and his attorney's phone number. He let me into the house (with him), and I retrieved his glasses from a shelf or dresser in a bedroom. It should be noted that he also had a black kindle note book (computer) along side of his glasses and cell phone. I did ask if anyone else was home (for my safety), and he said no. He said the homeowner would be back around 1630. He asked me if he could get his cell phone, and wallet. I told him that he could. He then asked me if he could have his cigarettes, and I told him he would not be allowed to smoke in jail so he left them there.

I told him I would lock up the house, and he handed me his key's. He told me that he also needed to lock up the garage. There was a door along the back wall that was in the room with his belongings. I asked him where the door went too (I believed the garage, and I was going to lock the door from the inside). He said that was the garage and the only thing in there was his vehicle, and I needed to lock it from the outside.

When We went to leave, and he said he needed a piece of paper with his attorneys phone number. We both went back into the bedroom and retrieved his paper. We left and I locked up the residence.

I advised Sgt. Keller that he wanted to talk to his attorney. I was told to bring him to the LEC, and book him for CSC 2 Attorney only restriction.

I was also advise to recover his cell phone, and vehicle key's.

I transported Wehmeyer to the LEC, and he was booked with out incident.

It should also be noted that an intern Fischbach, Jeffrey Vaughn (JR) 08-09-85 was riding along with me.

I recovered the phone, and turned it into property, and the key's were turned over to Sgt. Gillet.
